DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE

This mid-block, gable-roofed rowhouse is two and one half stories high and three bays wide. It is surfaced in painted running-bond brick, and the ground floor has been altered for commercial purposes.

On the far right of the ground floor, an arched doorway with arched brick lintel has been bricked in. The center is covered by a projecting picture window (single pane) over a wood panel and stone foundation. The left bay contains a slightly recessed door under a flat transom, approached by a single step and flanked on the left by a wood post. On the far left, flanked on either side by brick panels, is a small double door under a single flat transom; there is a flat-arch brick lintel above and two stone steps below. A large projecting wooden storefront cornice spans the first floor.

Second floor fenestration consists of double-hung (1/1 lights) windows with wood sills and flat-arch brick lintels. The single centered dormer has a double hung (1/1 lights) window, and a small chimney rises from the right.
